

Oral Communications

Basic Science I (Room: 301AB)

Friday, September 19th, 2025

Name	Title	Time
Chia Min Liu	Protein Content Per Seminal Plasma Extracellular Vesicles (SPEV) Particles May Be Potential Marker to Distinguish Obstructive Azoospermia (OA) From Non-Obstructive Azoospermia (NOA)	10:30am – 10:50am
Erin DiPietro	An Investigation of Aneuploidy Rates in Vitrified Versus Fresh Donor Oocytes	10:50am – 11:10am
Sheila Kwok	Decoding Self-Correction in Mosaic Embryos: Mechanistic Modeling and Targeted Rescue of Aneuploidy	11:10am – 11:30am
Nathan Galvao	Do Seminal Plasma Bisphenol A Levels Correlate with Anti-Mullerian Hormone in Human Semen?	11:30am – 11:50am

Oral Communications

Clinical Science I (Room: 302AB)

Friday, September 19th, 2025

Name	Title	Time
Angela D'Unian	Discussing the experiences and decision-making process of women who pursue IUI and IVF to become Single Mothers by Choice in Ontario, Canada	10:30am – 10:50am
Adina Tanen	Exploration of Patient Attitudes and Beliefs Surrounding Non-Partner Gamete Donation for Posthumous Reproduction	10:50am – 11:10am
Katherine Péroquin	Understanding Treatment Discontinuation in Couples Undergoing ART: Predictive Factors Over Two Years	11:10am – 11:30am
Anja Stojšin Carter	Origin of Embryo Genetics in Spent Blastocyst Media	11:30am – 11:50am

Oral Communications

Basic Science II (Room: 301AB)

Saturday, September 20th, 2025

Name	Title	Time
Laura Favetta	Cannabinoid-Induced Epigenetic Changes During In Vitro Oocyte Maturation	10:30am – 10:50am
Ghazal Danesh	Does The Administration of Leuprolide at The Time of Oocyte Retrieval Increase the Risk of Ovarian Hyperstimulation Syndrome in Oncofertility Patients?	10:50am – 11:10am
Morgane Goux	FATP2 (SLC27A2) Participates in the Uptake of Long Chain Fatty Acids (Lcfas) in Spermatozoa: Role in Post-Testicular Sperm Maturation	11:10am – 11:30am
Honzer Chen	Infertility In Indigenous Populations in Canada: Exploring Barriers to Care and the Promise of Artificial Intelligence Through a Comparative Indigenous Lens	11:30am – 11:50am

Oral Communications

Clinical Science II (Room: 302AB)

Saturday, September 20th, 2025

Name	Title	Time
Rebecca Keller	Optimizing Early Pregnancy Care for Fertility Patients: A Nurse Practitioner–Led Model of Care."	10:30am – 10:50am
Riva Patel	Manual Mechanical Hysteroscopy Tissue Removal Devices in the Office Setting: The Future of Operative Hysteroscopy?	10:50am – 11:10am
Iryna Kuznyetsova	Ultrafast Oocyte Warming: Egg Thaw Cycle Outcomes	11:10am – 11:30am
Siwei Chen	Optimized Embryo Selection in ART Through Combined PGT-M and PGT-A via Whole Genome Sequencing	11:30am – 11:50am
