JENNIFER FITZGERALD, ND

Integrating Alternative Health Services in Your Practice

Dr. Jennifer Fitzgerald is a Naturopathic doctor and co-founder of Conceive Health Clinic, Canada's first Naturopathic Reproductive Medical Clinic specializing in Integrative Fertility Care and In Vitro Fertilization support. Dr. Fitzgerald currently works with TRIO fertility clinic to provide a unique integrative clinical model emphasizing preconception care, clinical nutrition and environmental medicine. Dr. Fitzgerald has a special interest in recurrent pregnancy loss and autoimmune infertility, and is involved in several research initiatives involving acupuncture, antioxidants and botanicals in reproductive medicine.

Dr. Fitzgerald, studied at Acadia University in Wolfville, Nova Scotia, followed by the Canadian College of Naturopathic Medicine in Toronto. She is licensed by the College of Naturopaths of Ontario, and is a member of several organizations including the Ontario Association of Naturopathic Doctors, the Canadian Association of Naturopathic Doctors, the Canadian Fertility and Andrology Society, and the American Society of Reproductive Medicine.
