

## LESLEY MOODY, MBA

### **Person-Centred Care: From philosophy to implementation – the Cancer Care Ontario experience**

Lesley Moody is the Director for Person-Centred Care at Cancer Care Ontario (CCO). Person-Centred Care oversees a number of programs provincially including: Patient Reported Outcomes, Symptom Management, Psychosocial Oncology, Nursing, Patient Education, Patient Engagement, Patient Reported Experience Measurement and Quality Initiatives. Within the cancer system, Lesley has led the advancement of patient experience and patient and family engagement programs from both local and system levels.

Prior to joining CCO, she worked as the Manager for the Simcoe Muskoka Regional Cancer Program. In her current role she has led the development a province-wide practice guideline and indicator framework for Person-Centred Care.

Lesley earned her MBA from DeGroote School of Business at McMaster University and is currently pursuing her PhD in Health Policy at the University of Toronto at the Institute for Health Policy Management and Evaluation, researching Person-Centred Care.
